**Karo**  
(CRYSTAL WHITE)

If you want the richness of the fresh fruits in your preserves, jams and jellies, use part Karo (Crystal White) instead of all sugar.

One part Karo to three parts sugar makes a rich, heavy syrup without the cloying sweetness that you find when you use all sugar.

In addition to getting better preserves, jams and jellies, Karo (Crystal White) prevents crystallization.

Send for our Preserving Book. Free on request. It contains valuable recipes for making all kinds of delicious preserves, jams and jellies.

Corn Products Refining Company  
Dept. T. D. New York. P. O. Box 161.

Save your Karo Labels. Each label is worth a vote in The Times-Dispatch Voting Contest.

## Nolde's Bread

The  
Quality  
Bread of  
Virginia

Nolde's Bread is wholesome and appetizing. Every loaf is perfectly made and baked just right. We use a carefully selected blend of flour, adding yeast, milk, sugar and salt, producing a pure, delicious nutritious bread.

Hardly a human hand touches the bread, the making being accomplished with the aid of machinery, in a sanitary shop, which makes every loaf "fit for a king." Order to-day, and save the labels.

RICHMOND, VA.

## Why We Claim Superiority for Our Flavoring Extracts Over Our Competitors

### FIRST

Our line consists of the smallest packages usually distributed to the wholesale and retail trade, and is salable in all the stores, the smallest as well as the largest. The line represents seven sizes, from 10c to \$1.00 per bottle.

### SECOND

Our quality is uniform. We call particular attention to our Vanilla, which we feel, is the highest quality found anywhere on the market, for the reason that our beans are cured and aged for a year before they are used. This is to allow the beans to properly develop and bring out their flavor and aroma. The goods are then macerated by a slow process, with extracting apparatus especially designed for us, and as a result we claim our goods are a superior product.

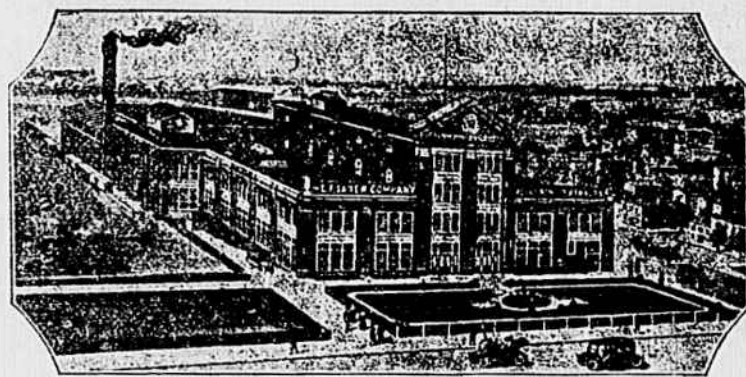

### THIRD

Manufacturers of ice cream tell us that one-half ounce of Sauer's Extract of Vanilla, made from the natural bean is enough to flavor one gallon of ice cream.

We call especial attention to our Pure Fruit Flavors, both as to aroma and fine flavor, and strength. We are satisfied there are no finer extracts on the market.

### RECIPE FOR CREAM FUDGE

4 cups granulated sugar, 1 cup cream, 2 tablespoonfuls butter, 3/4 of a cake of Baker's 20c chocolate, 1 tablespoonful Sauer's Vanilla; put in a saucepan the sugar and cream and stir until sugar is dissolved. Add the butter and chocolate and let boil undisturbed for 5 or 6 minutes. Continue to test it until it forms a soft ball in cold water. Take from the fire and let cool for a few minutes, then beat until it becomes quite thick. Add the flavoring, stirring it well; then pour in buttered pan, measuring about 9 by 11 inches. A pan this size will make each block 1/2 inch thick, when the above quantity is used.
